### LOCAL MATTERS.

#### Municipal Election.

The annual election for town officers of Tucson took place last Tuesday and called out more interest than any town election ever held in Tucson before. The contest for councilmen was what brought out the excitement. As a result, there was, we believe, the largest municipal vote ever cast in Tucson. And the significance of the vote stands out the more prominently when one considers that none but the best class of our citizens, almost exclusively property owners and business men, ever vote at the municipal elections. The vote was as follows:

Mayor.—James H. Toole, 275.  
Councilmen.—C. R. Drake, 235; Alex. Levin, 173; B. H. Hereford, 81; Carlos Tully, 39.  
Recorder.—W. J. Osborn, 177; W. A. McDermott, 54.  
Treasurer.—W. W. Williams, 275.  
Assessor.—H. Ott, 239.  
Marshal.—L. E. Broadaw, 145; A. G. Butler, 125.  
Poundmaster.—H. Smith, 293.

The officers elected are: Mayor, Toole; Councilmen, Drake and Levin; Recorder, Osborn; Treasurer, Williams; Assessor, Ott; Marshal, Broadaw, and Poundmaster, Smith.

Mr. RICHARD GIRD returned from San Francisco last week and started immediately for the Tombstone mill-site. Mr. Gird and those interested with him are doing a good work for Arizona. They already have a saw-mill at work in the Huachuca mountains, a ten-stamp mill on the road from Yuma, and the Mormons on the San Pedro are building a ditch and flume for them, which will be seven miles in length, and work at the mill-site is being pushed ahead rapidly and energetically under the superior management of Mr. J. S. Vosburg, while the Schieffelin boys are always busy superintending the work on the mines of the company. The record of operations by this company during 1878, seems certain to be a brilliant one.

Mr. F. CORBIN of the firm of P. & F. Corbin, manufacturers of New Britain, Connecticut, arrived in town last week and left on Monday of this week in company with Gov. Sanford for the mining districts. Mr. Corbin is interested in mines at Tombstone, Mule Pass and Patagonia, in connection with his brother, E. A. Corbin of Philadelphia, who was here last fall. Mr. Corbin is a man of large means and is desirous of starting large operations here. During the trip Gov. Sanford will start work on the Golden Gate mine near the place, on the northeastern slope of the Santa Rita mountains.

L. MEYER & Co., the enterprising firm corner of Meyer and Mesilla streets, found it necessary to enlarge their store in order to find room for the large stock of goods they have lately received, and to they have rented the quarters formerly occupied by Mr. Fern, the city tailor, and are using the same as store rooms, etc. This firm deserves to call the attention of purchasers to their well assorted stock.

MAJ. THOS. MORGAN, who owns such good property in the Tombstone country, was registered at the Cosmopolitan hotel the early part of this week. He is again at his mines and THE CITIZEN acknowledges the receipt of five specimens of ore from some of Maj. Morgan's claims, of which we make more special mention elsewhere.

MR. HENRY HORTON, late of Yuma, is bringing to Tucson the largest and best assorted stock of liquors and cigars ever brought into Arizona. His will be a wholesale business and he is now fitting up a saleroom on Main street next door to S. H. Drachman's store. The goods are daily expected and Mr. Horton will soon be ready for business.

Messrs. SANFORD and HILTON have purchased the butcher shop and business formerly conducted by Mr. Mills on the corner of Congress street and Church Plaza, and the business will hereafter be carried on by these gentlemen. They both own large stock ranches and ought to be able to furnish our citizens with the choicest meats.

MART MALONY came in yesterday from the Huachuca where, he says, every one is camped on a good mine. At Tombstone he says all is activity and improvement. The miners are busy on building roads, shafts, cuts, mill-sites and such other developments as are essential to a live and prosperous mining camp.

MAJ. FRANK, who has large mining interests in the Tombstone district, is in Tucson again and brings very favorable reports from his mines. He is now sending out men and tools and will go out himself in a day or two and begin vigorous developments on his claims.

MR. PEDRO AGUIRRE was in town early this week and reports business good on the new stage line from Tucson to Ariz. Sonora. This is an excellent route and we trust the company will receive large patronage.

W. P. NYE has taken charge of the Eagle Flouring Mill of which Mr. E. N. Fish is the popular proprietor. The mill is now in fine running order and is turning out an excellent quality of flour.

DAN CONNER came in last Monday and reports a rich discovery in Davidson's canyon, which we refer to under the head of mining notes.

MR. B. W. RICE, our city druggist, left for San Francisco by Thursday's stage. Object, new goods.

MR. JOHN CHISUM, the noted cattle king of the Pecos, in New Mexico, is now in Tucson on stock business.

THOS. W. SEYMORE, chief engineer of the Arivaca Mill, who was in town spending the holidays, has returned to Arivaca.

MR. A. J. MITCHELL leaves to-day with his family for Tombstone, where they will reside.

The Pima County Bank is now open for business daily from 10 a. m. to 3 p. m.

MR. SOLON MASON left yesterday morning for Tombstone.

DR. BURGESS, dentist, will remain in Tucson until the 16th proximo.

MR. J. M. OCHOA is in town from Sanford.

Two lines of stages are now running from Tucson to Tombstone.

January 6. The new Board of Supervisors met by lot cast according to law. Mr. F. R. Tully, was made chairman. Mr. Wm. C. Davis, to serve the long term, four years; and Pedro Aguirre, to serve two years.

A. G. Ryan was awarded the contract to feed prisoners at 40 cents per day each.

S. W. Carpenter, County Recorder, was granted leave of absence for sixty days, to go beyond the limits of this county.

At meeting, January 9, (special call.) Miss Carrie Jansen and Hector Sutherland adjudged insane, were ordered to asylum, at Stockton, California, and warrant for \$475, drawn to defray entire expenses, etc.

PREPARATIONS are being made for a grand concert to be given in the Park Hall at an early date, possibly some evening during the coming week. A company of ladies and gentlemen comprising some of our best home talent, are now under training and are making most gratifying progress. The entertainment will be one of rare merit and will consist of vocal and instrumental music, songs, choruses, etc. A select programme has been arranged in which the following names are included: Professor Medina, Mrs. Mansfield, Mrs. Williams, Miss Nesmith, Mr. and Mrs. Scott, Mr. and Mrs. Salazar, Mr. and Mrs. Clark, Mr. Egan, Mr. Davis, Mr. Stiles and others. This movement is headed by the ladies, who desire to purchase a church organ with the proceeds. We feel confident that an entertainment of this character will draw a full house. When the date of the concert is fixed the public will be duly informed, either through the press or by means of posters.

Messrs. J. H. WHITE and W. C. PARSONS arrived last Saturday from San Francisco by private conveyance and left by Tuesday's stage for Tombstone. Mr. White is Superintendent of the Western Mining Company which owns the wonderful Contention mine, and Mr. Parsons is a large stock holder in the company. Work is to be pushed rapidly on the mine, and before long hoisting works will be on the ground, and also a mill will come before many months, to be erected on the San Pedro about three-fourths of a mile from the Tombstone mill. The shaft on the Contention is now 113 feet deep, and a drift has been run from the bottom forty-five feet along the ledge. The vein has been exposed for thirty-five feet on the surface, and there are about 200 tons of ore on the dump which, according to the lowest estimate we have heard, is valued at \$39,000. The Western Mining Company is a San Francisco incorporation of which A. K. P. Hanner is President, and C. T. Curtis Secretary.

MR. C. B. LOVELL, with his family, has arrived in town and will give his first theatrical entertainment at Levin's Park Hall this evening. The Lovell family have performed in the principal towns of the northern part of Arizona, and the papers have generally spoken highly of their entertainments. Mr. Lovell intends to make this town his future residence. He is a scenic artist of no mean ability and will fit up a fine stage in Levin's Hall which he will make his theater. His purpose is to get acquainted with our people and gradually draw around him local amateur talent which in combination with his family will form a pleasant home theatrical company, such as has afforded present so many pleasant evenings. We shall next week have further to say on this matter.

MR. H. C. HOOKER, proprietor of the Sierra Bonita Ranch, drove into town last Monday with as fine a team as ever graced the streets of Tucson. He brought in his blooded stallion Belmont, and a gold-dust coat which he thinks quite equal to Belmont. The pair make a fine driving team, such as General Grant or Sir Bonner might sport with pride.

MR. A. M. FRANKLIN, formerly with L. M. Jacobs & Co., left on Wednesday for Pueblo Viejo, where he will branch out in merchandising. Mr. Franklin will make a competent merchant, he has a good field, and we heartily wish for him the abundant success which we believe awaits him.

MR. R. A. SMITH, a stock man from California, has recently been in this section viewing our stock interests and other general resources. He has returned to California well pleased with Pima county and will be back in about two months with a band of horses. We are glad to see such men coming to the country.

LYMAN WAKEFIELD has bought out his partner at the new station, some four miles east of Congress, and he and his brother will hereafter run the place which is said to be a very good location. We know Lyman will keep a good station. He is one of the best of men.

DR. B. CHAPIN, of Florence, has been to Tucson this week, arriving on the 9th. Came on business and reports nothing new at Florence, only that they have had heavy rains and the ground well saturated, which is good for Florence.

MR. W. CROUCHER, a veterinary surgeon has located in Tucson. He comes with high recommendations from San Antonio, Texas. His office for the present will be at the Cosmopolitan Hotel.

BEN WILLIAMS, Superintendent of the San Xavier Mining Company, was in town this week and reports a rich strike in the new shaft.

A LARGE stock of fine goods for gentlemen's suits just received by Joseph Ferrin, city tailor, on Mesilla street.

ABUNDANCE of rain during the past two weeks and the first snow storm for a century on Tuesday night last.

Col. JAMES BIDDLE, Inspector General of this Department, and Dr. J. C. McKee, Chief Medical Director, were at Camp Lowell this week and left Thursday for Camp Huachuca. These gentlemen visited Tucson several times during their stay at Lowell.

THE telegraph office has added a great improvement and supplied a long felt want by putting a new desk in the office and an opening on Congress street. Customers having business with the office are requested to enter from Congress street and not pass through the saloon.

Messrs. OTIS & REAQUA have already received some of their stock of furniture and can now be found daily at their place of business on Main street. There is an enterprise deserving of success which we believe they will surely attain.

MR. C. A. ELLIOTT, of Indianapolis, Indiana, arrived in Tucson last week and has in view some mining developments in Arivaca district to which we refer more fully in another column.

M. SAMANTAGO, left on Thursday for Stockton, California, with Miss Jansen and Hector Sutherland. The new Board of Supervisors are entitled to credit for their prompt action in this matter.

ALEX. LEVIN has purchased a fine piano forte for his new hall. The instrument is first-class and is from the local establishment of OTIS & Co. This was the one thing needed in his elegant hall.

H. C. COOK, formerly of El Paso, Texas, passed through town this week from California. Mr. Cook is again on his way to El Paso, where he will resume his old occupation as lawyer.

HARVEY HANSON, formerly of Globe district, but now the fortunate possessor of good property in Tombstone, expects to leave Tucson to-day for his mines.

MR. M. L. WOOD and wife, of Camp Grant, who have been in Tucson during the holidays, have returned to their home.

JUDAS W. BLAKELY came in Monday from Pioneer District with some cheering mining notes, which will be found in another column.

MR. CHAS. HURDON left on Monday for San Francisco.
